

DIVE SASK SAFE SPORT POLICY EXCEPTIONS

September 2026

DIVE SASK has a fundamental obligation and responsibility to protect the health, safety and physical and mental well-being of every Individual that is involved in the Diving community. To that end, all members of Dive Sask are bound to abide by the Safe Sport Policy as approved by the Dive Sask Board of Directors in April, 2025. We do, however, recognize there may be times when you as a parent or guardian of a diver may want an exception to the generally accepted policy, especially related to Rule of 2 and Coach travel policies.

We therefore ask you to consider the following circumstances and policies and indicate your approval for the stated exception. Some situations are specific to a particular event and others are related to an ongoing length of time. Please list every event that you are granting your permission for an exception or indicate if is for the entire 26-27 season. For instance, if you want your coach to drive your child home after practice on an ongoing basis, write "26/27 season" in the box. If you only want them to drive your child home one time, write the specific date you are giving permission for. If you never want your coach to be alone with your child in a car, leave that box blank and the current policy as written will remain in place.

Please note that for Team exceptions, a parent for every athlete on the team must agree to the exception. If one does not, the whole team will be bound by the original policy.

It will be the responsibility of the Club Board of Directors to ensure every parent has received this form and has indicated their approval **before** the exception is put into place. From time-to-time Dive Sask may ask for an audit of these forms. If signed approval for an exception is not on file, the original policy must be adhered to at all times.

Questions or concerns may be sent to Karen Swanson, Dive Sask Executive Director at info@divesask.ca
